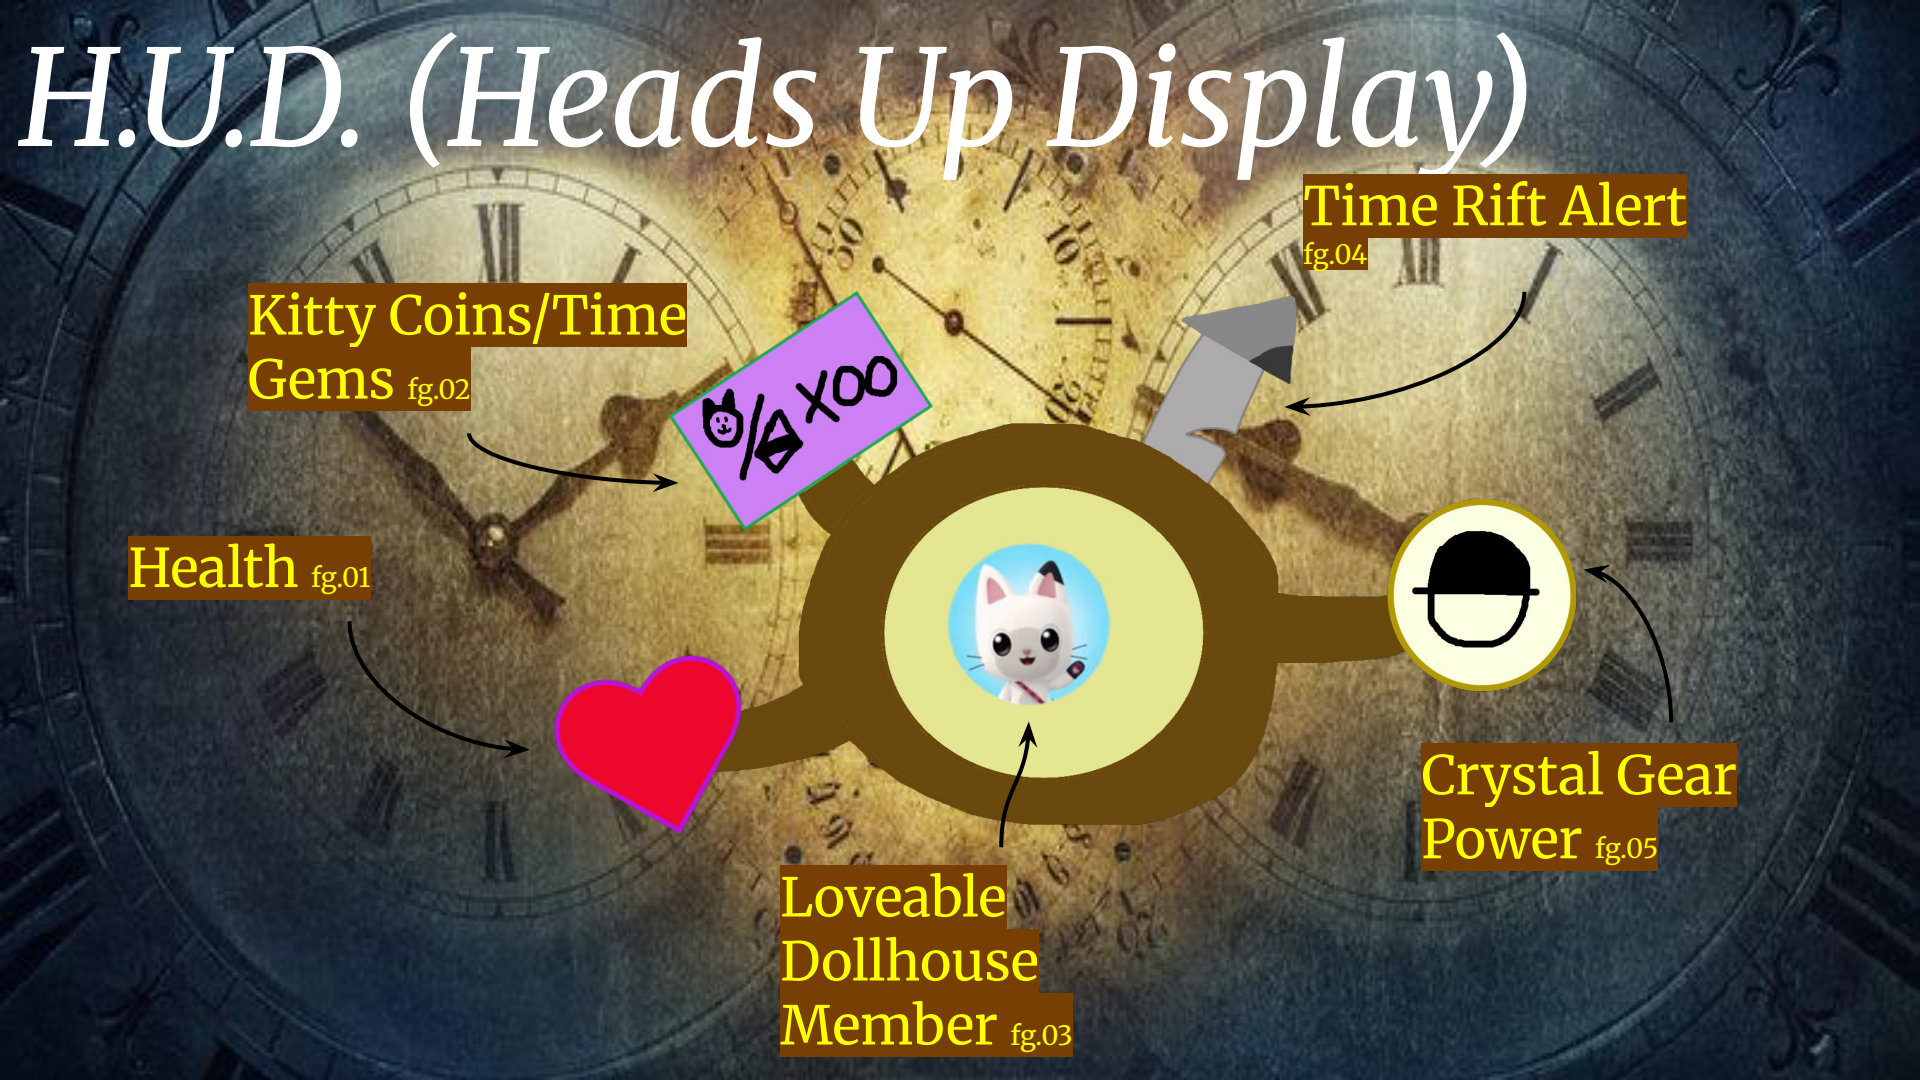
Time for a new Purr-Venture!

While visiting a fancy museum, Team Pandy & the former Agents of the Superior Nightmares Stopping Organization Of Zany Elite-ness (S.N.O.O.Z.E.) are “mucho depresso”, longing for their action packed life of fighting evil for good and non-evilness, when suddenly they saw their least favorite arch-nemesis; The Nightmare Overlord! Frozen in ice and feeling vengeful, after the former S.N.O.O.Z.E. Agents totally ruined his evil plan to take over both the real and Dream World.

Unfortunately, that’s when his evil French henchman; Croaklee, thaws out his frozen master from his icy prison, and the two unleashes a heck-load of Dream-Vaders to steal the museum‘s prize attraction: The Crono-Koo-Koo Clock! A old Cuckoo-Cuckoo Clock looking handheld time traveling machine made by the leader of the Time Keepers; Emperor Cronos IV, and used to travel throughout space and time. So DJ Catnip did what all feline DJs did; he ate the Crono Clock(?)!

After eye lasering the baddies back to the night the Dreadlings ruined Purrsday, (which unfortunately not only gave the Nightmare Overlord new time traveling power, but inspire him and the past King Dreadling to team up for the mother of ULTIMATE world domination invasion plans as well!) DJ Catnip gain the ability to time travel by playing his teeth like keyboard then “booping” his nose to activate his “Time Portal Eyes”, which is PAWSOME! Too bad he got himself, Gabby and the rest of Team Pandy stuck in the Stone Age and the other Gabby Cats stuck in different periods of the Past, which means it’s up for Team Pandy to come out of retirement (again), team up with Gabby, collect Time Gems to power up the Crono Clock in Catnip’s tum-tum to travel through time and rescue the Gabby Cats before they can stop the bad dudes and BADDER dudettes from ruining our heroes’ future, (gulp…) FUR-EVER! (Ver! Ver! ver! ver! ver… ver…)

H.U.D. (Heads Up Display)



Our main 5!

Gabby & Pandy: Like 2 peas in a pod, these two besties can use their Matter shifting powers to get pass any obstacle with a glowing yellow aura.

Mercat: The only thing more powerful than her brains, besides her sweet yet sassy Purr-sonality, is her new power to slow down time for a short period of, well, time, so now she always keeps an eye out for something or someone that has a glowing green aura.

Catrat: Look out for anything with a glowing blue aura, and this stealthy little grouch will use his new duplication powers (and admire his identical time clones).

DJ Catnip: This is one groovy feline who can make even the most vile villains shake it like no other! Oh, and he can turn time both forwards and backwards on anything with a glowing red aura.

Crystal Gears: In the beginning of their quest, the only Crystal Gear Team Pandy have currently is the Yellow one. But as they advance, they'll soon find the Red, Green and Blue Crystal Gears too, each with their own powers. But we'll not telling you where to find them, that'd be cheating!

Snooze Pixies: There's at least one of them in each Time Zone. Find them for a 20% discount for your upgrades.

The Stone Age: Chef “Big Daddy” T-Rex plans to make Marty the secret ingredient in his prehistoric buffet! Can Team Pandy save him before he goes, *glup* extinction?

Ancient Egypt: Pillow Cat has been mummified by Queen Clawopatra to be part of her mummy army. Let’s hope the team can save her in time.

The Pirate Era: Carlita’s been mistaken as the captain to fight a motley band Shadowling and Dream-Vader Pirates. Maybe Team Pandy can get back in their sea legs/tails to stop this naughty pirate nonsense.

Doomstopia: This is it, the final epic battle. But Team Pandy better hurry and save the day (again), because if they fail, we’ll, let’s just say that there not even be a NON-evil Dollhouse World to save! Good luck Team Pandy!

Ancient Rome: Colosseums, Olives, Sheeps and... A talking cupcake cat who bakes?! Looks like Mewlius Cesar needs to be taught a lesson. Hmmm... looks like a job for Team Pandy!
